News Release

CITY OFFERING ANNUAL CHRISTMAS TREE RECYCLING PROGRAM

(Greenville SC) The City of Greenville is once again offering its annual Christmas tree recycling program. For the convenience of city residents, trees can be placed at the curb for collection on regularly scheduled pick-up days or taken to one of four convenient locations for recycling. All trees must be free of debris such as ornaments, tinsel, ribbons and lights to be recycled. Drop-off locations include:

- **Holmes Park** (*Twin Lake Road & Holmes Drive*)
- **Timmons Park** (*Oxford Street & Blackburn Street*)
- **Gower Park** (*Laurel Creek Lane & Laurens Road*)
- **West Greenville Community Center** (*8 Rochester Street*)

The locations listed above will be open until January 22. Curbside pick-up within the city limits will continue for as long as needed. Trees and trimmings are ground into mulch at Twin Chimneys Landfill. Call the Twin Chimneys Landfill at (864) 243-9672 for more information.

All holiday boxes, tissue paper and wrapping paper (except foil-lined) can be recycled at the curb and at the City's Stone Avenue Recycling Center (800 East Stone Avenue) and North Greenville Recycling Center (514 Rutherford Road).
