REQUEST FOR COUNCIL ACTION
City of Greenville, South Carolina

TO: Honorable Mayor and Members of City Council
FROM: Nancy P. Whitworth, Interim City Manager

AGENDA DATE REQUESTED: January 7, 2019

ORDINANCE/RESOLUTION CAPTION:
TO AMEND ARTICLE 19-7, STORMWATER MANAGEMENT, OF THE CODE OF ORDINANCES OF THE CITY OF GREENVILLE TO PROVIDE FOR DETERMINATION AS TO WHETHER PROPOSED BUILDING SITES WILL BE REASONABLY SAFE FROM FLOODING

SUMMARY BACKGROUND:
South Carolina Department of Natural Resources ("SCDNR") and Federal Emergency Management Agency ("FEMA") are mandating that the city of Greenville amend its Stormwater Ordinance to add a requirement that permit applications be reviewed to determine whether proposed building sites will be reasonably safe from flooding. The City was recently informed of this mandate after having been informed previously by letter from FEMA, dated January 30, 2017, that the City's floodplain management program is in compliance for purposes of the National Flood Insurance Program ("NFIP"). SCDNR and FEMA have indicated that the amendment is required in order for the City to continue its participation in the NFIP.

IMPACT IF DENIED:
If denied, the Stormwater Ordinance will not be amended, and according to SCDNR and FEMA, the City will not be permitted to participate in the NFIP.

FINANCIAL IMPACT
Property owners in the City currently receive a 25% percent discount on flood insurance because of the City's participation in the NFIP. This discount will be lost if the City does not amend the Stormwater Ordinance, and thus, is not permitted to participate in the NFIP.
