1/9/2023

Dear Mayor, City Council, and City Attorney:

I writing to express support for the process and draft map for the 2023 Redistricting of the City of Greenville.

I apologize for the writing but I was sworn in as the new President of the Greenville Branch of the NAACP Sunday and want to provide comments for today's public hearing.

I am proud to say that the Greenville NAACP has been involved with the City's Redistricting process since it began. The SC NAACP's hired demographer has sent a sample map in the beginning and reviewed all draft maps. He agreed with the first two sample maps and this final draft in order to maintain two minority-majority districts. The NAACP appreciates the Mayor and Council's work to keep diverse districts in light of the excessive gentrification experienced in the City of Greenville. Our Branch pledges to work with the City as you work to improve the affordable housing to improve the needs of our community.

Respectfully submitted, Rev. Emanuel R. Flemming, Sr.

Rev. Emanuel R. Hemming, Sr., President
Greenville NAACP # 5522
