

The McClaren

- City owns the 0.11 acre corner parcel at Academy and Wardlaw Street, where the McClaren Medical Clinic now located
- SCDOT's deed to the City had restrictions that limited use to “public park” and a reverter clause
- City desires to pay \$3,500 to SCDOT to remove deed restrictions, which will provide for an expanded use of the property and protection of the historic McClaren Medical Shelter
- Property to still be used for a public purpose
- Previously appropriated funding is available
