**APPLICANT RESPONSE TO SECTION 19-2.3.2(E)(1), AMENDMENTS TO TEXT
(YOU MAY ATTACH A SEPARATE SHEET)**

1. DESCRIBE THE WAYS IN WHICH THE PROPOSED AMENDMENT IS CONSISTENT WITH THE COMPREHENSIVE PLAN.

The GVL2040 Comprehensive Plan describes "quality of life" as the key to community and economic vitality and that efforts to positively impact this precondition are the plan's highest priority. The adoption of this proposed amendment would enhance the quality of life of city residents living near non-residential uses by requiring projects to certify substantial compliance to their approved exterior and site plans.

2. DESCRIBE THE WAYS IN WHICH THE PROPOSAL IS CONSISTENT WITH THE PROVISIONS OF THE ORDINANCE AND RELATED CITY REGULATIONS.

The amendment proposes modification to existing provisions and proposes new text related to a certificate of compliance. These changes continue to maintain the premises of the overall Land Management Ordinance purpose by ensuring neighborhood protection and creating a more harmonious community.

3. DESCRIBE THE CONDITIONS THAT HAVE CHANGED FROM THE CONDITIONS PREVAILING AT THE TIME THAT THE ORIGINAL TEXT WAS ADOPTED.

Greenville has experienced considerable growth in both commercial and residential development throughout the city over the past decade. When new development occurs near differing land uses, land use compatibility issues follow. Projects being built with a design that is not compliant to the approved plans has been a prevalent issue raised by city residents. This proposal seeks to alleviate that concern.

4. DESCRIBE THE WAYS IN WHICH THE PROPOSAL ADDRESSES A DEMONSTRATED COMMUNITY NEED.

The proposal addresses a demonstrated community need by attempting to reduce the number of projects built out of scope of their approved plans. The city continues to see considerable growth in both residential and commercial development and redevelopment and believes this proposal will promote greater land use compatibility when these uses abut each other.

5. DESCRIBE THE WAYS IN WHICH THE PROPOSAL IS CONSISTENT WITH THE PURPOSE AND INTENT OF THE ZONING DISTRICTS IN THE ORDINANCE, WILL PROMOTE COMPATIBILITY AMONG USES, AND WILL PROMOTE EFFICIENT AND RESPONSIBLE DEVELOPMENT WITHIN THE CITY.

The proposal is consistent with the purpose and intent of the Ordinance which is to guide development in accordance with the existing and future needs of the city and to promote the public health, safety, morals, convenience, order, appearance, prosperity, and general welfare of the property owners and residents of the city, and other members of the public. The proposal is particularly consistent with Land Management Ordinance "Purpose and Intent" Section 19-1.3.4, "Promote diverse quality housing, protect neighborhoods" and Section 19-1.3.10, "Create harmonious community", as the amendment promotes consistency between the built environment and the Land Management Ordinance

6. DESCRIBE THE WAYS IN WHICH THE PROPOSAL PROMOTES A LOGICAL AND ORDERLY DEVELOPMENT PATTERN.

The proposal will ensure a logical and orderly development pattern of the city by ensuring the Land Management Ordinance's higher design standards are upheld through from the approval process to the construction process.

7. DESCRIBE THE WAYS IN WHICH THE PROPOSED AMENDMENT WILL RESULT IN BENEFICIAL IMPACTS ON THE NATURAL ENVIRONMENT AND ITS ECOLOGY, INCLUDING BUT NOT LIMITED TO: WATER; AIR; NOISE; STORMWATER MANAGEMENT; WILDLIFE; VEGETATION; AND, WETLANDS.

The proposed amendment will help to ensure that regulations utilized through the plan approval stage are upheld during construction. This will help ensure regulations that help the natural environment, such as stormwater, reduction of impervious surfaces, and landscaping requirements, are maintained during the construction process.

8. DESCRIBE THE WAYS IN WHICH THE PROPOSED AMENDMENT WILL RESULT IN DEVELOPMENT THAT IS ADEQUATELY SERVED BY PUBLIC FACILITIES AND SERVICES (ROADS, POTABLE WATER, SEWERAGE, SCHOOLS, PARKS, POLICE, FIRE, AND EMERGENCY FACILITIES).

The proposed amendment is not anticipated to negatively affect the adequate provision of public facilities and services and should maintain the current high level of services within the City of Greenville.
