   a. Resolution to adopt in principle the Wade Hampton Boulevard Strategic Plan

      Councilmember Doyle moved, seconded by Councilmember Fletcher, to approve
      first and final reading.

      Senior Economic Development Project Manager Tracy Ramseur provided a timeline
      for the strategic plan and recognized the consultants involved in the project and the
      steering committee composed of local stakeholders. Ms. Ramseur referred to the
      opportunities made available for public input, including a multi-day charrette and an
      online survey which generated over 1,900 responses. Ms. Ramseur stated a public
      hearing was held followed by the Planning Commission recommending adoption of
      the plan in January. Ms. Ramseur commented on the improvements included in the
      plan and stated if the plan is adopted, city staff will reconvene the steering committee
      to discuss its implementation. Ms. Ramseur referred to speaking with some of the
      business owners expressing concerns and emphasized that the current plan is
      conceptual and further study and discussions will be held.

      Mayor White stated there will be a visit and further discussion regarding the North
      Gateway site. Mayor White acknowledged the work of Arnett Muldrow in its model
      and their involvement in addressing each property owner and performing an
      assessment of the area.

      Tripp Muldrow with Arnett Muldrow stated he has lived in the Wade Hampton area
      for most of his life. Mr. Muldrow also stated the firm has tried hard to get the public
      involved in meetings. Mr. Muldrow advised the conceptual plan should be viewed as
      an opportunity for additional input towards the final plan.

      Councilmember Flemming stated she hopes there is a plan to go door to door to
      meet the business owners at the Charleston Shops and discuss the plan with them.
Ms. Ramseur responded she will make sure there are follow up discussions with those business owners.

Councilmember Doyle stated she hopes some of the suggestions in the plan will encourage private redevelopment. Mr. Muldrow responded the analysis and survey performed show people want more independent shops and restaurants for the area. Councilmember Doyle referred to trees planted along Wade Hampton Boulevard five years ago, commented on the need for additional streetscaping, and requested to prioritize the capital improvements on the public side in the next year.

After discussion, the motion carried unanimously.
