b. Proposed Abandonment of an apparent gap of property between the right of way of Westview Avenue and property identified as Tax Map Number 018000303301 (425 Summit Drive) (AB-1-2020)
   *(Presented by Engineering Services Manager Dwayne Cooper)*

   Engineering Services Manager Dwayne Cooper presented a request from Congregation Beth Israel for a proposed abandonment for a strip of land creating an apparent gap of property between Westview Avenue and their property located on 425 Summit Drive. Mr. Cooper stated the property is not part of the existing right of way on Westview Avenue and the City does not claim to have any right, title or interest in the property. Mr. Cooper also stated all utilities and abutting property owners have been notified and no opposition has been expressed except from residents of the Lost Valley Neighborhood.

   Councilmember Brasington asked for clarification regarding the City’s abandonment of a property for which it believes it has no claim. Mr. Cooper responded the process is one of the ways to do a quit claim deed so the title can be cleared legally and the property can be obtained. Mr. Cooper confirmed there is 100% percent confidence there is no ownership by the City.

   Councilmember DeWorken asked for further clarification regarding the process. Mr. Cooper responded the process is being done to provide Congregation Beth Israel the quit claim deed. City Attorney Michael Pitts stated from an engineering standpoint, the records indicate the City does not own any part of the right of way in question, but he would prefer to examine the title to verify that statement.

   **Evelyn Angeletti, 50 Westview Avenue**, spoke in opposition to Item 9b as an adjoining neighbor to the property and as the attorney for the Lost Valley Subdivision Homeowners Association. Ms. Angeletti stated she believes the quit claim deed should go to the original developer and successors to the developer’s interests, who are the homeowners and the Homeowners Association. Ms. Angeletti also stated additional documentation is being gathered for the City regarding the abandonment.
Jeanine Halva-Neubar, 84 Westview Avenue, spoke in opposition to Item 9b and stated she believes any property gap should be deeded to the Lost Valley Subdivision Homeowners Association. Ms. Halva-Neubar stated in her 22 years as a resident, she could not recall anyone other than members of the Homeowners Association taking care of the property in question.

Kerry Murphy, 72 Westview Avenue, spoke in opposition to Item 9b and stated she was among many residents in the Lost Valley Subdivision who had spent time cleaning up the property in question. Ms. Murphy stated she supported Ms. Angeletti’s position regarding the property.

Janice Carson, 57 Westview Avenue, spoke in opposition to Item 9b stating she had also spent time working on the property.

Councilmember Brasington requested clarification regarding the synagogue’s intent on obtaining the property. Mr. Pitts stated an attorney working with the synagogue felt as if the property in question was a potential title issue and, by seeking an abandonment, the title could be made clearer. Mr. Pitts reminded everyone that only the Public Hearing is being held during today’s meeting.

Councilmember Dowe asked if eminent domain played a part in this abandonment, and Mr. Pitts replied no. Mr. Pitts referenced Ms. Angeletti’s comments as being related to a law called adverse possession in which someone can claim possession of property after being a resident of it for an extended period of time.

Mike Unger, 213 Ironbridge Way, Simpsonville, the financial secretary of Congregation Beth Israel, spoke in support of Item 9b. Mr. Unger stated he was supporting the quit claim deed because the congregation wants to sell the property and as a favor to the late Max Heller who wanted sustainability of the property. Mr. Unger also stated the property gap came into being when Westview Avenue was extended to create the Lost Valley Neighborhood and no one was aware of the gap until a recent title search revealed Lost Valley had no claim to the property. Mr. Unger advised the congregation met with the neighborhood a year ago to discuss the issue and added the residents have been taking care of the City’s right-of-way, not the property gap in question.

c. Proposed Abandonment of a portion of Gibbs Street (AB-2-2020)
(Presented by Engineering Services Manager Dwayne Cooper)

Mr. Cooper presented a request from the city of Greenville for a proposed abandonment for a portion of Gibbs Street for the purpose of swapping property with Duke Energy to perform utility undergrounding and streetscape improvements along S. Hudson Street and to accommodate a future expansion of Duke’s substation on Gibbs Street. Mr. Cooper stated all utilities and abutting property owners have been notified and no opposition has been expressed. No one spoke in support or opposition to the proposed abandonment.

Mr. Pitts stated the franchise provides access to the right of way but it does not approve any particular location or piece of equipment. Mr. Pitts also stated the City has regulations regarding the small wireless facilities and AT&T will have to follow them as do the other providers.
